

WORLD ENERGY WEEK

08-11 OCTOBER 2018 | MILAN, ITALY

World Energy Week is the Council's annual general gathering of global energy leaders to promote the sustainable supply and use of energy for the greatest benefit of all. The week's programme will offer a wide range of events including high-level, exclusive sessions that will convene Ministers, CEOs and energy leaders. The event will drive debate and open dialogue between an audience of local and global energy experts. There will also be prestigious social events throughout the week including a gala dinner and special cocktail reception.

The Council's key governance meetings for members to discuss and decide on the strategic direction for the content, communication and regional work of the organisation.

DAY 1

MONDAY 8 OCTOBER

WORLD ENERGY COUNCIL'S GOVERNANCE MEETINGS

DAY 2

TUESDAY 9 OCTOBER

COUNCIL'S SECRETARIES' STRATEGY DAY

WORLD ENERGY COUNCIL'S EXECUTIVE ASSEMBLY

A unique opportunity for the wider energy audience and network to learn, exchange and explore ways to overcome the Energy Trilemma and secure prosperity. Sessions and discussions will be based on insights gained from the World Energy Council's studies to favour dialogue between public and private sectors and help design a long-term energy policy.

An exclusive platform for members of the World Energy Council to discuss the Council's new strategic direction and share member committees' best practices.

Format includes discussions as well as practical workshops.

The Council's major governance meeting where members agree and vote on the strategic direction of the organisation.

A plenary session, United Nations style, led by the Council's Board of Officers.

DAY 3

WEDNESDAY 10 OCTOBER

ENERGY TRILEMMA SUMMIT

DAY 4

THURSDAY 11 OCTOBER

FUTURE ENERGY LEADER'S SUMMIT

A unique opportunity for the wider energy audience and network to learn, exchange and explore Italian, macro-regional and international energy issues. Panel sessions based on the Council's content which are relevant to the Italian, European and global energy realities including resilience, green finance, e-mobility, digitalisation and market design.

WORLD ENERGY LEADERS' SUMMIT

A platform for young energy leaders to explore critical issues that are high on the energy agenda.

Format includes dynamic, interactive sessions and workshops to contribute to the Council's global energy dialogue from a young leaders' perspective.

ITALIAN ENERGY DAY

A high-level exclusive event, co-hosted by the Government of Italy and the World Energy Council, a platform to facilitate an on-going dialogue for the global energy leaders' community.

The agenda will build upon insights gained from the Council's studies and is designed as an interactive, peer-to-peer session which includes a CEO and Ministerial roundtable.

-  Open to all WEC Community
-  Open to all participants on registration
-  Closed sessions / Invitation only events
